

READ CAREFULLY

BE CYBER-SAFE

- ✓ Never click on links from strangers.
- ✓ Don't trust pop-ups asking you to call tech support.
- ✓ Never send money or gift cards to people you haven't met in person.
- ✓ Hang up on calls asking for personal info—Medicare, IRS, and banks don't call you like that.
- ✓ Ask a family member or staff before responding to suspicious emails or texts.
